

# Tech for All: Engineering Accessibility into Technology

March 15, 2022  
12:00pm - 12:45pm EST

## About the Event

The Maryland Department of Disabilities and Comcast invite you to join a virtual webinar with business and policy leaders to discuss:

- ✓ Best practices for integrating accessibility into technology products and services from the ground up
- ✓ What inclusive technology looks like in action
- ✓ The role of policy in supporting a framework for accessibility
